## STEVENS CREEK TRAIL PEDESTRIAN / BICYCLE OVERCROSSING AT MOFFETT BOULEVARD

### CONSTRUCTION UPDATE

Thank you very much for your patience and cooperation during trail construction. This past month the construction of the pedestrian/bicycle bridge overcrossing at Moffett Boulevard has continued to progress very well and the new bridge is expected to be complete by March 2009.

**CONSTRUCTION UPDATES:** Contractor has completed the majority of the bridge foundation work and the two retaining walls on the south side of Moffett Boulevard.

The contractor is preparing to open a new section of trail on the south side of Moffett Boulevard on September 2, 2008. The temporary detour through Alamo Court on the south side will no longer be necessary, but short term closures of the new trail may still be required for construction. Please stay alert and follow the signs and the construction personnel when using the trail near the construction area.

**TRAIL DETOUR SCHEDULE:** The trail detour on the north side of Moffett Boulevard will remain in effect until completion of construction. Please use the temporary detour as required.

During construction, we ask for your patience and, if you have any concerns or questions, please contact the City's project construction manager.
